M

very year is marked by occasions or events that make them memorable. The occasion of this book is the celebration of two anniversaries: the silver anniversary of The Olive Leaves and the fortieth anniversary of Mount Olive College. This, then, is a time of reflection not only on the past, but on the direction in which the college as well as this is yearbook is going. The theme of Mount Olive, as the college entered the 80's,

aving no room for second best, the students of Mount Olive College showed what it meant to follow that road of excellence not only in their studies but in their extra-curricular activities as well. Whether it be going to the dances, celebrating an accomplishment, playing games, or just sharing some time with some friends, the students as well as the faculty and staff paved the way for more years of excellence with new events, new organizations, and new ways of doing the old.

Something new for our campus, Oktoberfest, brought a change to the traditional slate of campus activities. This festive afternoon of games, food, and fun, sponsored by the Student Government Association, was a highlight during the fall semester. From the pie eating contest, to the ring toss, to the chicken dance, there was something for everyone. Cotton candy, candy apples and lots of homemade goodies added to the carnival-like atmosphere. Grand prize winner James Bethea collected more than 30 tokens to claim his prize, while others hurriedly rushed from game to game seeking to follow his lead. The day ended with a feast of traditional German foods.

agle's Nest once again provided the right setting for the annual SGA-sponsored Masquerade Ball on October 31. Deviating a little from the *traditional* theme of ghosts and goblins, the SGA and members of the APB created a Halloween Hoedown. A barn, complete with farm animals made of paint, old farm equipment and bales of hay decorated the room. Couples danced to the sounds of Silent Sound Production, out of Wilson, NC, and feasted on seasonal and traditional goodies. Kevin Easom, a.k.a. Sonny Bono, took home the prize for the best original costume.

A Classic Homecoming

Traditionally, the first weekend of December brings to the campus of Mount Olive College one of its most exciting events. The annual Pickle Classic/Homecoming weekend brings with it the return of alumni and friends of the college and gives those on campus an opportunity to join in the pageantry of the crowning of the Homecoming Queen. This year being no exception, the weekend of December 6 and 7 dawned bright and warm and drew alumni from all around. Jennifer Barefoot, a senior from Spivey's Corner, NC, was elected by the student body as the 1991-92 Pickle Classic/Homecoming Queen from a field of four lovely and deserving young ladies. Kristin Aycock, Lisa Mendell, and Vickie Stroud were honored by their fellow students to serve on the Honor Court.

Jennifer and the lovely young ladies weren't the only students honored during Pickle Classic. Eric Bellamy, a junior guard from Windsor, NC, received the prestigious Latney-Pittard Scholarship, awarded annually by the coach to a deserving player on the varsity team. Eric and the team finished an admirable second place to the Barber-Scotia Sabers in a hard fought and exciting basketball game.

Simply 'Unforgettable'

Wendy Brown crowned Miss Mount Olive College

On the evening of March 28, Wendy Brown, a junior from Durham was crowned Miss Mount Olive College, 1992 at the annual SGA-sponsored pageant. Master of Ceremonies Bruce Creech, Angie Gurley Mazingo, Michelle Cox, Miss Mount Olive College, 1991 and Jennifer Barefoot, Miss Mount Olive College, 1990, along with five lovely contestants provided an evening full of wonderful entertainment and glamour. Freshmen Lynn Lawhorn and Heather Dixon were named first and second runners-up. From the luminarie-lined sidewalks to the stage, this was truly an unforgettable evening.

Traditionally a fun study break on the day before exams begin in the spring, Beach Blast provides a welcome diversion, if only for a couple hours, for students, faculty and staff. 1992 being no exception, the annual event came off without a hitch - that is, until the sky turned dark, the air turned cold, and the rain began to fall! Determined not to have their fun spoiled, the first annual Beach Volleyball tournament, sponsored by the Environmental Awareness Club, went on and on. Prize money, free pizza and a great time motivated approximately twenty students to brave the cold rain and enjoy some friendly competition.

Class of 1992 Graduates 158

May ninth dawned bright and beautiful as 158 graduates prepared to walk across the college hall stage and receive their long-awaited and well-deserved degrees. Of the 158 awarded, 22 were associate degrees, the remainder were Bachelor's degrees. In her commencement address, Dr. Pepper Worthington, editor of the Mount Olive College Press and Writer-in-residence, challenged the graduates to participate in life, not just watch from the sidelines. A poem, written especially for the class of 1992 by Lee Davenport Witte, was read by Patti O'Donoghue, adding a beautiful sentiment to the day. Jennifer Barefoot, president of the Class of 1992, presented the college with a fountain, on behalf of the senior class, for "making wishes come true". Teacher of the Year honors went to Science professor Willis Brown, a professor at Mount Olive College since 1967. The Martin Award, given annually to the graduating senior maintaining the highest GPA over four years, was awarded to Lisa Mendell, and the Perret Award, given to the freshman with the highest GPA was awarded to Michelle Lewis. The Year

1991 saw sweeping changes and a myriad of events. As the United States led member nations of the United Nations against the tyranny of Iraq toward Kuwait, A united Germany had its first taste of freedom for all Germans, both eastern and western. Saddam Hussein, the dictator of Iraq, would put fear in the countries of the world as he held the future of the Middle East in jeopardy. But as the Desert Storm military force eliminated the world's fear and temporarily brought peace to the Middle East, attention could be directed to other concerns: ten-

Sending off the class of 1992 in style, the SGA hosted an after-rehearsal party for the graduates on the College Hall lawn. Treating them to some favorite snacks, and cold drinks, the officers wanted them to know we were proud of them and of their accomplishments.

Pictured above is Joni Lancaster, SGA adviser, seniors Dean Jones, Stephen Prescott and Angie Gurley Mozingo.

people are as diverse as the creeds they hold to, the homes they were brought up in, and the ways in which they think and learn. Mount Olive College is melting pot of countries, disciplines, and dreams. The students, faculty, support staff, and administration all combine for an experience of social and intellectual diversity and challenge.

Carolina's Conference Champions, for the second straight year, district, and area seven champs, and an appearance at the National Championship in Des Moines, Iowa highlighted our baseball team's year, and our athletic year at MOC. We are proud of Coach Lancaster's sluggers and we thank them for representing our campus with pride and with such determination. Our basketball team finished third in the conference and made us proud to cheer from the sidelines, while the lady Trojan softball team finished third in their division as well, posting a great year for the school and for coach Jimmy Lamm. We commend all of our coaches and our athletic teams for their commitment and their dedication.

CHEERS TO YOU, MOC!

The 1991-92 version of the Trojan cheerleading squad featured nine strong athletes, led by captain and two year team member, Lisa Overbee. An injury kept Lisa on the sidelines for most of the year, but her leadership continued to guide the squad to a highly successful and fun year. Veterans Tracey Bass and Crystal Lane contributed valuable leadership as well. The squad voted Lisa Overbee as their most valuable member and peppy Marcia Barwick was named most spirited. Cheers to you MOC cheerleaders, we think you're *GREAT!*

Building a pyramid, the squad steadies themselves.

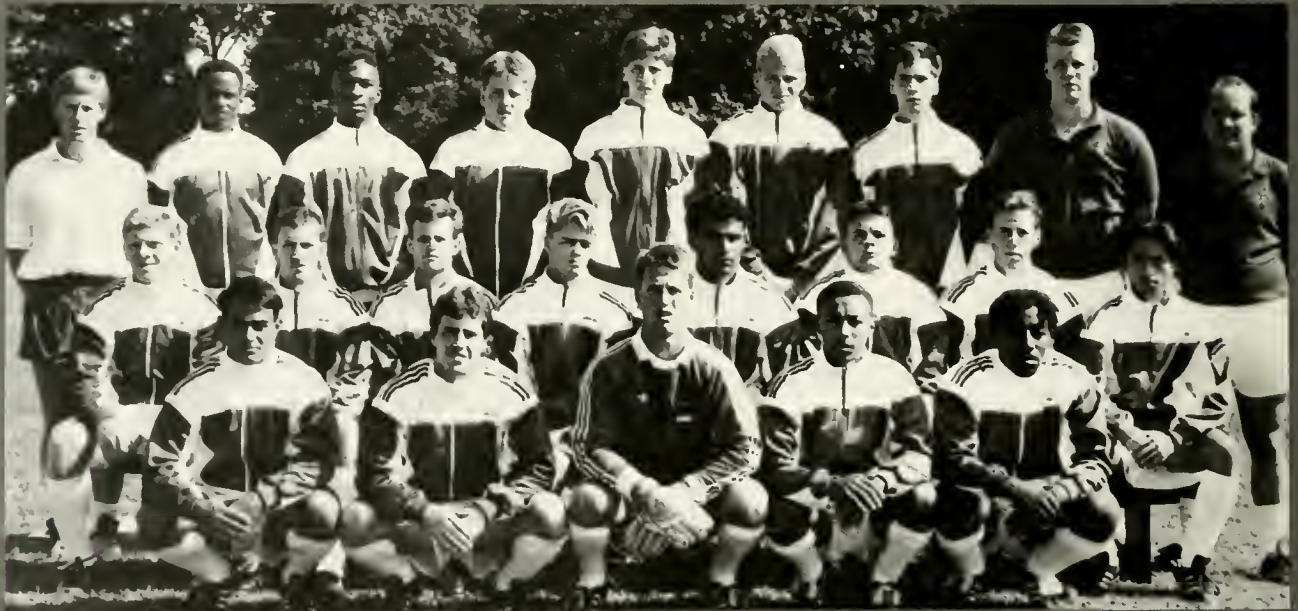

The MOC Trojan cheerleaders show off one of their best attributes - those great smiles!

Injuries Plague Kickers

Going into this year's soccer season, veteran coach Randy Strawser knew what his team would have to do to take on their strong opponents. After blasting Ferrum, things were looking good heading into the rest of the season. Before they could get on track, the Trojan kickers were plagued by injuries. These injuries kept this talented team from showing their true form. All through the season, Strawser and assistant coach Marco Melo did their best to keep morale and heads high. Led by CIAC All Tournament team member, Brian Sterner, Mount Olive always hustled and made their opponents work for every assist, goal, or win, losing seven games by two goals or less. Mount Olive soccer is exciting and definitely something not to miss. You can bet they won't let us next year!

Netters Hit The Mark

Men's Tennis 1992 provided a mixture of talent and hard working members that, although finishing up with a 1-7 conference record, never gave up and fought hard against such worthy opponents as Barton and High Point College. Mark Lawson provided strong leadership and was named most dedicated player at the annual Athletic Banquet. Andy Garriss was named most improved.

Jim McLane takes a breather between matches.

Seniors Lead Lady Trojans

Instrumental in guiding the Volleyball team this season was it's three veteran seniors, Christy Bradley, Vickie Stroud and Kelly Comer. Coach Jimmy Lamm brought in two freshman, and returned to the court with three sophomores, three juniors and the seniors. Finishing with an overall 3-19 record, the Lady spikers were 1-6 in a tough conference schedule. The team gained valuable experience and confidence this year, and should come together next year to form a very competitive team. Team captain Vickie Stroud was named to the All-Conference team with a hitting average of 37%, 22 blocks, and a serving average of 72%.

Candida Gurganus and senior veteran Christy Bradley attempt to return a high volley.

Trojan Cagers Finish Third

Although this year's Trojan basketball squad only improved their record by one game, second year head man Bill Clingan led his team to one of the most exciting seasons yet. Mount Olive, 17-13 overall and 7-7 in the conference, rolled to a third place conference finish, the place they were predicted to finish in the preseason poll.

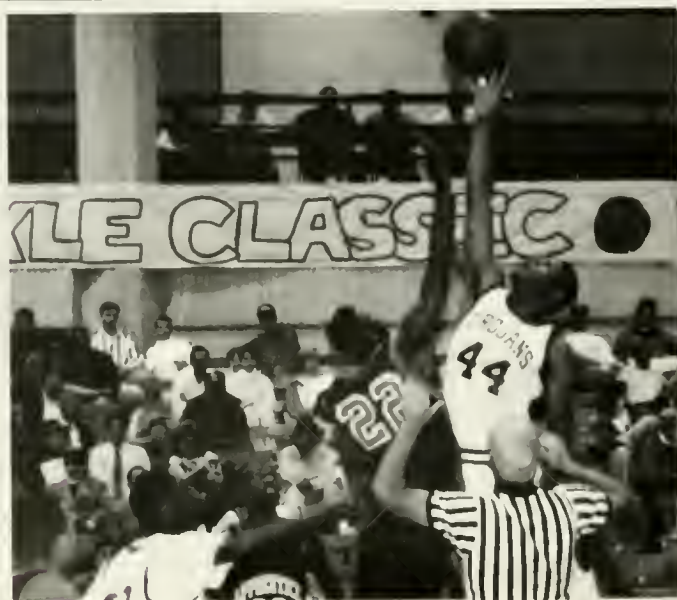

With the reliable assistance of son and J.V. Coach, Steve Clingan, Bill Clingan put together a team better than their record. This season was a reversal of last season. Starting off 10-2 last years, the Trojans hit the skids, losing seven straight. This season, however, saw MOC with a 6-8 record at the halfway point, before catching fire with an 11-5 record the rest of the way, before losing in the

tournament to Belmont Abbey, 82-87.

Mount Olive was led by sophomore guard Russell Stephens who averaged 19.3 points, 5.7 rebounds, and 4.3 assists per game. With only two years under his belt, Stephens reached the 1,000 point mark. He was twice named all-conference player of the week and all-tournament before finally being named to the all-conference team. However, he could not have done it by himself. Senior forward Tony Venable punched in a solid 13.9 points per game while grabbing his standard 5 rebounds a game Junior Eric Bellamy, who led the team from the line at 82%, pumped in a solid 9.5 points per game.

Junior Tony Venable drives for a layup as he is apparently fouled from behind by his opponent.

Hoping to score this time down court, junior Barnabus Roundtree drives past his defender.

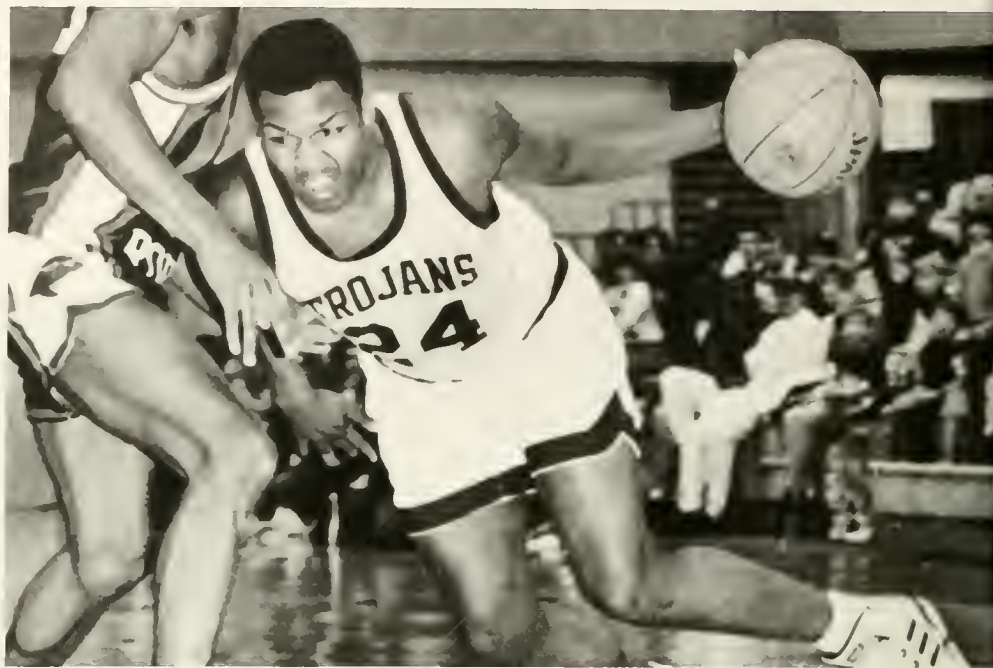

Left: Senior and team captain, James Bethea gets an up close and personal view of his opponent as he winds his way to the goal.

When Stephens and Bellamy needed a break, the Clingan duo called on "the general". Guard Barnabus Roundtree ran the floor like he had eyes on all sides. Meanwhile, Dexter Morrisey didn't know when to stop shooting three-pointers which opened up the middle for district 26's best rebounding team. Inside, the Trojan big men were led by senior James Bethea with 8 rebounds a game. Mount Oliver ranked in the NAIA as the fourth leading rebounding team in the nation thanks to Bethea, Streeter, Herring, Price and Gidrey.

OUTLOOK: With one guard position locked up next season, Eric Bellamy looks to join Stephens and pick up where brother Martin left off. Can Lenny Beck make a challenge? Can Roundtree make it tough for Clingan and company to decide? With these returning members and Gidrey, Price, Streeter, Morrisey, and company, there's no shortage of talent. If Mount Olive expects to challenge with this team, **they can count on it!**

Lady Trojans Post Disappointing

Finishing the season with a 3-21 record, the women's basketball team finished eighth in the Carolina's conference. Despite their losing record, the team showed great improvement in their play. The season highlight was in the form of a third place trophy from the Greensboro College Tournament early in the season and in the first round game of the conference tournament, playing hard before losing to would-be champions, Pembroke St. Junior guard Kristi Wiggins, led the team, averaging 13.6 per game, 2.8 rebounds and 4.2 assists per game. Freshman Twana Jeeter and JoAnn Ransome had excellent seasons as well, recording 11.5 points per game and 9.4 games per game, respectively. For her efforts, Kristi and Twana were honored at the annual Athletic Banquet, along with Bobbie Jo Jackson, a sophomore center from Midway.

Comprised of nine members, six veterans, and three newcomers, the 1991-92 Golf team had their ups and downs. Glenn Wrisley provided many of those "ups" due to his fine senior leadership and good play. Netters Improve Their Record

Most dedicated tennis player award recipient Jennifer Coburn shows off her winning form. Well, maybe not this time!

Throughout their twelve matches, this year's edition of the Women's tennis team never gave up and besides that, had a great time! Although their record wasn't one of their best, their attitudes and their hearts were in the right place. Jennifer Coburn was named "Most Dedicated" and Doreen Simmons received "Most Improved Player" at the Athletic Banquet on April 30. For their efforts, and for their dedication, we applaud head coach Al Warrick and his lady netters on a job well done!

Lady Trojans Mark Best Ever

In his final year at Mount Olive College, Coach Jimmy Lamm's lady softballers marked a third place finish in the conference, finishing with a respectable 5-5 record. Serving as hosts for the conference tournament, the ladies finished fourth after a hard-fought loss to St. Andrews, 7-3. Finishing their best season since competing in fast-pitch three years ago, the team was led by All-Conference, All-District, and All-Tournament team pitcher, Laurie Bailey, a freshman from Rock Hill, SC, who was named the South Carolina Softball Player of the Year before coming to Mount Olive College. Veterans Christy Bradley, Joy Ramsey, Stacey Bergman, Jennifer Scott, Traci Nichols, and Letecia Lewis provided strong leadership and great experience, while newcomers Bailey, Anita Southerland, Amber Martin, Robbie Cooke and returners Wendy Brown and Kristi Wiggins contributed greatly to the success of the team. Southerland, Bailey, and Lewis were named All-Conference, while Bailey and Lewis were also named to the All-District team. Congratulations on a great year, Coach Lamm and lady Trojans!

Junior Jennifer Scott, affectionately known as "Woody", saves a steal at second base.

Head coach Jimmy Lamm, in his last year at Mount Olive College, led his softball team to a third place conference finish. Congratulations, Coach Lamm, we'll miss you.

Right Center: Pitching standout Laurie Bailey shows why she was named South Carolina Player of the Year in 1991.

Right: All-Conference and All-District second base player Letecia Lewis makes a great catch.

NAIA World Series bid puts

In little more than a few years, Mount Olive College's Baseball program, under the leadership of head coach Carl Lancaster, has gone from virtually unknown to one on the verge of dynasty. Still hungry from last season's conference championship and district tourney appearance, the boys in green and gold weren't through. Posting a record 38 wins, MOC found itself rolling over opponents to a first time showing in the NAIA World Series. Winning tournaments against incredible odds with timely hits, good pitching and reliable defense became a Trojan trademark. Losing four of their last six heading into Burlington, Mount Olive made sure they

would pay St. Andrews back, going 6-2 for the season against them and beating them 10-7 to advance to the Area VII regional tournament in Kentucky. Down 5-1 after four innings to St. Andrews, MOC exploded for 9 runs over the next two behind excellent game-saving defense to pull it out. Good pitching stops good hitting and the Trojans boasted a starting rotation better than most in the nation. Dennis Stutts, Robert Stroud, Jim Williamson, Mike Brewer and Bryan Tuten allowed less than 3 runs a game while completing an ultra solid fourteen. Lurking in the pen was Kelley Hill (3-1.2 saves, 0.49 ERA). Aside from runstopping pitching, this bunch was capable of stealing a ballgame out from

under their opponent's noses, swiping a nifty 114 bases for a .73 percent success rate. Lancaster's standard nine could put the bat on the ball as well, led by Jay Lamm (.355, 10 triples), Mark Chambers (.327, 40 Rbi, 24 walks), T.J. Johnson (.313, 16 2B), and Leslie Jackson (.303) New-comer and third baseman Chris Lockhart blasted a team leading five roundtrippers. Mount Olive went into the Area VII tournament seeded first among four teams. They took advantage of that ranking, posting 3 straight victories against teams from South Carolina, West Virginia, and Kentucky. In the first game of their world series bid against Auburn U. at Montgomery, MOC led 4-3 with AUM batting in the

bottom of the 9th. However, a questionable call enable the tying run to cross the plate and AUM went on to win in 12 innings. Carl Lancaster was named Carolinas Conference Coach of the Year for the second consecutive year, while Dennis Stutts and Jay Lamm were named all-conference and district 26. Congratulations Trojans!

Trojan Baseball - At

The following editorial was written by Jack Adams, editor of the Goldsboro News-Argus as the Mount Olive College Trojan Baseball teams prepared to participate in the National Association of Intercollegiate Athletics national championship in Des Moines, Iowa.

"Trojans - From A Real Life Field of Dreams"

The Mount Olive College baseball team heads this week to Iowa to play in a stadium near the film location for the FIELD OF DREAMS. But this is no fantasy. It's the World Series of baseball for the NAIA.

Never before has Mount Olive's baseball team soared so high. Never before has the team posted so many victories in a single season. Never before has the little college - itself a veritable field of dreams and hopes for students in eastern North Carolina - been so prominently in the national limelight.

Going to "The Show" is a fine tribute to MOC's commitment to an excellence that far exceeds what happens in a sporting event. You see, Mount Olive College is not a playground for students who would major in basketball, baseball, tennis or other sports. It is a college committed first to training young men and women academically and imputing Christian values. The school's athletes participate in sports not because they are a ticket to fame and fortune but because they are fun and because competition can provide values far beyond won-loss records.

It happens, however, that Mount Olive's baseball team has won this year with astonishing frequency. The school's overall record is 38-13-1. That success has earned the team some infrequent-flyer points. The last stop, via bus, was Versailles, Ky., where the Trojans nosed out host-state entrant Union College, 4-3. But on Wednesday, the Trojans will fly to Des Moines to compete with seven other NAIA teams for the national championship.

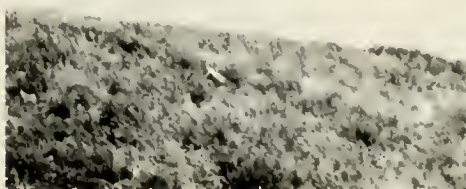

Win or lose in the NAIA World Series, the Trojans already have ensured sweet memories that will last the rest of their lives. And they can be proud of the way they have represented their coach, Carl Lancaster, the other students at the school, the Free Will Baptists who sponsor the school, their community, and North Carolina.

But we suspect the fellow with the biggest smile is Dr. Burkette Raper - outstanding baseball player in his own right, and founder and president of Mount Olive College. For it was Dr. Raper who long ago - long before Hollywood wised up - saw an abandoned building in a grown up field in the little pickle town in southern Wayne County and imagined that it could make dreams come true.

Our EXCELLENT Adventure Comes To An End!

From the Editor...

Doing this yearbook has been an incredible learning experience. Here, I was able to use various abilities that I had learned or picked up and apply them to a specific problem: how to put this thing together. I honestly did not think that I could be editor. But a great staff and super advisor has made more than just this book possible. They have taught me to not be afraid to dream or to take on something that I'm not sure I can handle.

For this reason, I would like to dedicate this book to Joni Lancaster. This woman has been a tremendous leader, inspiring, creative when we didn't have any creativity, thoughtful of her group, and a great teacher to me. She carried me through and encouraged me to be editor even though she knew I had only worked on a yearbook once...last year. She believed in me, the staff, and in this book. She truly is the mark of anything good that comes of this yearbook. Her standard has now become my own: excellence. I hope that someday I can inspire people the way she has.

I would also like to thank my staff. We haven't always seen eye to eye and it certainly hasn't been easy making time for this yearbook (there was only eight of us), but they pulled it off. Their creativity and "busy work" was indispensable. This book would not have been without them.

My one wish is that this book above all else would recreate a year of distinction. So much happened that we could not cover, but my goal for this yearbook was that it represent the Forty Years of Excellence that Mount Olive College began in, grew in, and will continue in.
